Report on the Financial Statements

We have audited the accompanying financial statements of the Pennsylvania Coalition Against Domestic Violence

(Coalition), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Coalition as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The financial statements of the Coalition as of June 30, 2017 were audited by other auditors whose report, dated January 17, 2018, expressed an unmodified opinion on those statements.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information on page 20 is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, as required by the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 10, 2019, on our consideration of the Coalition's internal control over financial

reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Coalition's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Coalition's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

1. Nature of Activities

The Pennsylvania Coalition Against Domestic Violence (Coalition) was established in 1976 as the coordinating body of domestic violence programs in Pennsylvania. The objectives of the program are as follows:

- A. The development of a statewide network of direct service providing for the safety and welfare of domestic violence victims.
- B. The provision of advocacy efforts to improve specific systems and institutions that deal directly with victims of domestic violence within local communities and at the statewide level.
- C. The provision of community education and prevention programs on local and statewide levels.
- D. The provision of training of personnel within the statewide network and in specific systems and institutions, which deal directly with domestic violence victims.

The programs are funded primarily through contracts with the Pennsylvania Department of Human Services (DHS), the U.S. Department of Health and Human Services, and the U.S. Department of Justice. Programs are conducted primarily through contracts with various tax-exempt organizations throughout Pennsylvania.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses, including functional allocations, during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents are defined as cash deposits, checking accounts, savings accounts, and certificates of deposit.

Investments

Investments are reported at fair value in the statements of financial position. Investment income and losses, including interest and dividends, are included in the statements of activities as increases or decreases in unrestricted net assets, unless the income or loss is restricted by donor or law.

Fair value is a market-based measurement, not an entity-specific measurement, and sets out a fair value hierarchy with the highest priority being quoted prices in active markets. Fair value measurements are disclosed by level within that hierarchy. The hierarchy is broken down into three levels based on the transparency of inputs as follows:

Level 1 – Quoted market prices in active markets for identical assets or liabilities as of the report date. A quoted price for an identical asset or liability in an active market provides the most reliable fair value measurement because it is directly observable to the market.

Level 2 – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the report date. The nature of these securities includes investments for which quoted prices are available, but traded less frequently, and investments that are fair valued using other securities, the parameters of which can be directly observed.

Level 3 – Securities that have little to no pricing observability as of the report date. These securities are measured using management's best estimate of fair value, where the inputs into the determination of fair value are not observable and require significant management judgment or estimation.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

In determining the appropriate levels, the Coalition performs a detailed analysis of the assets and liabilities that are subject to fair value measurement. At June 30, 2018 and 2017, the Coalition has no Level 2 or Level 3 investments.

Accounts Receivable

Items recorded in accounts receivable consist of miscellaneous receivables. Amounts are considered by management to be fully collectible and, accordingly, no allowance for doubtful accounts is considered necessary.

Contracts Receivable

The Coalition records contracts receivable equal to the amount of unreimbursed expenses resulting from contracts. Amounts are considered by management to be fully collectible and, accordingly, no allowance for doubtful accounts is considered necessary.

Promises to Give

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected over periods in excess of one year are recorded at the present value of the estimated cash flows beyond one year. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contributions revenue. As of June 30, 2018 and 2017, the Coalition has no promises to give.

Furniture and Equipment

Expenditures for the acquisition of furniture and equipment exceeding \$5,000 are capitalized at cost. The fair value of donated furniture and equipment at the date of the gift is similarly capitalized. Depreciation of furniture and equipment is calculated using the straight-line method over the estimated useful lives of the assets ranging from three to ten years.

Because certain furniture and equipment have been acquired for programs funded by federal or state contracts, proceeds from the sale or disposition of those assets may revert to the funding agency, or the assets may be transferred to the funding agency, should the program be discontinued. The Coalition has not historically had any assets transferred back to the funding agency.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Maintenance and repairs of furniture and equipment are expensed as incurred, and major improvements are capitalized. Upon retirement, sale, or other disposition of furniture and equipment, the cost and accumulated depreciation are eliminated from the accounts, and a gain or loss is included in the statement of activities.

Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or circumstances indicate that the carrying amount of the assets may not be recoverable. An asset is considered to be impaired when the undiscounted estimated net cash flows to be generated by the asset are less than the carrying amount. The impairment recognized is the amount by which the carrying amount exceeds the fair value of the impaired asset. Fair value estimates are based on assumptions concerning the amount and timing of estimated future cash flows and discount rates reflecting varying degrees of perceived risk. Management has concluded that no impairment adjustments were required during the years ended June 30, 2018 and 2017.

Subrecipients Payable

The Coalition provides state and federal awards to subrecipients to support domestic violence programs. During the years ended June 30, 2018 and 2017, the Coalition provided state and federal awards to subrecipients of \$24,944,762 and \$25,799,395, respectively. Subrecipients submit requests for reimbursement to the Coalition for eligible program expenses. The Coalition had amounts payable to the subrecipients of \$1,002,368 and \$5,676,110 at June 30, 2018 and 2017, respectively.

Net Assets

Net assets are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Coalition and changes therein are classified and reported as follows:

Unrestricted — Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted — Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Coalition and/or the passage of time.

Permanently restricted — Net assets subject to donor-imposed stipulations that they be maintained permanently by the Coalition. The Coalition has no permanently restricted net assets.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Contract Revenue

The Coalition accounts for contract revenue in the statements of activities to the extent that expenses have been incurred for the purpose specified by the contract agency. All funds received in advance of incurring eligible expenses are accounted for as deferred revenue in the statements of financial position.

Contributions

All contributions are considered to be available for unrestricted use, unless specifically restricted by the donor. Amounts designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted net assets.

When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

The Coalition uses the allowance method to determine uncollectible contributions receivable. The allowance is based on prior years' experience and management's analysis of specific contributions made. Management has determined that an allowance is not necessary at June 30, 2018 and 2017.

Contributed services are recognized when the Coalition would typically purchase such services, and they require specialized skills, and the contributor possesses such skills.

Expense Aliocation

The costs associated with various programs have been summarized on a functional basis in Note 11.

Income Taxes

As a not-for-profit organization, the Coalition is generally exempt from federal and state income taxes pursuant to section 501(c)(3) of the Internal Revenue Code. The Coalition is subject to federal and state income taxes on unrelated business income.

The Coalition annually files Form 990 in the U.S. Federal jurisdiction. The Coalition's Form 990 is not subject to examination through the year ended June 30, 2014.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Pending Standards Update

Accounting Standards Update (ASU) 2014-09, "Revenue from Contracts with Customers," is effective for the Coalition's financial statements for the year ending June 30, 2020 (as amended by ASU 2015-14). This amendment provides guidance for revenue recognition related to contracts with the transfer of promised goods or services to customers and related disclosures.

ASU 2016-02, "Leases (Topic 842)," is effective for the Coalition's financial statements for the year ending June 30, 2021. This amendment will require lessees to recognize assets and liabilities on the statement of financial position for the rights and obligations created by all leases with terms of more than twelve months. Disclosures also will be required by lessees to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

ASU 2016-14, "Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities," is effective for the Coalition's financial statements for the year ending June 30, 2019. This amendment aims to improve how a nonprofit organization classifies its net assets and provides information in its financial statements and notes about its financial performance, cash flow, and liquidity. The ASU changes the net asset classification, how underwater donor-restricted endowment funds are treated, will increase the information available about liquidity and the availability of resources, requires financial statements for not-for-profits to provide expenses both by nature and function, as well as an analysis of those expenses by both nature and function, along with disclosure of the methods used to allocate those costs among the various functions, and standardizes how organizations present investment returns and what expenses should be netted against those returns. There are qualitative and quantitative requirements in a number of areas, including net asset classes, investment return, expenses, liquidity and availability of resources, and presentation of operating cash flows. Early application of the amendments in the ASU is allowed.

ASU 2018-08, "Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made," is effective for the Coalition's financial statements for the year ending June 30, 2020. This amendment clarifies and improves current guidance about whether a transfer of assets (or the reduction, settlement, or cancellation of liabilities) is a contribution or an exchange transaction. The amendment clarifies how an entity determines whether a resource provider is participating in an exchange transaction. Early application of the amendments in the ASU is allowed.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

Management has not yet determined the impact of these amendments on the Coalition's financial statements.

Reclassification

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Concentration of Credit Risk

The Coalition maintains its cash in bank deposit accounts, which may exceed federally insured limits. The Coalition has not experienced any losses in such accounts. The Coalition believes it is not exposed to any significant credit risk on its cash and cash equivalents.

4. Investments

The following is a summary of the Coalition's investments which are stated at fair value at June 30:

9. Contracted Services and Rent Income

The Coalition and the National Resource Center on Domestic Violence (NRCDV) entered into multiple agreements related to the sublease of office space, use of information technology staff, and use of finance department staff.

The sublease agreement between the Coalition and the NRCDV was effective from October 1, 2011 through September 30, 2016 and included increases of 2.50% annually. For the year ended June 30, 2017, total annual rent income amounted to \$28,271. This agreement was not renewed.

10. Retirement Plan

For the years ended June 30, 2018 and 2017, the Coalition contributed 4% of each full-time employee's salary to a tax-sheltered annuity. The annuity qualifies as tax deferred under Section 403(b) of the Internal Revenue Code. For the years ended June 30, 2018 and 2017, the Coalition contributed \$57,601 and \$60,389, respectively.

11. Functional Expenses

Expenses reported on a functional basis are as follows for the years ended June 30:

	2018	2017

	\$ 28,839,087	\$ 29,743,868	

12. Lease Commitments

The Coalition is committed to lease agreements for the use of office space and office equipment. Expenses under the lease agreements for the years ended June 30, 2018 and

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

2017 were \$312,413 and \$315,635, respectively. Future minimum annual lease payments under operating leases consist of the following for the years ending June 30:

2019	\$ 338,340
2020	346,229
2021	182,376
2022	2,868
2023	2,868
Thereafter	 239
	\$ 872,920

On January 1, 2011, the Coalition entered into a new lease agreement for a Harrisburg office that will expire on December 31, 2020. Office rental expense under this lease agreement included in the financial statements totaled \$307,805 and \$300,372 for the years ended June 30, 2018 and 2017, respectively.

13. Contingencies

Regulated Environment

The Coalition operates in a heavily regulated environment, which is subject to directives, rules, and regulations of federal, state, and local regulatory agencies. Such directives, rules, and regulations are subject to change with little notice and sometimes funding is inadequate to pay for the related cost to comply with any additional burden.

Audit

The grants received by the Coalition are subject to audit by federal and state governments. As of the date of this report, management is unaware of any material adjustment that will be required as a result of such audits.

Litigation

The Coalition is involved in litigation arising in the course of business. Management believes that any total ultimate liability would not have a material effect on the Coalition's financial position.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

14. Significant Funding Agencies

The Coalition's contract revenue for the years ended June 30, 2018 and 2017 includes \$27,842,481 and \$28,630,065, respectively, of revenue resulting from contracts with government agencies.

Revenues from the DHS totaled \$26,804,377 and \$27,609,754, which approximated 93% and 93% of total revenues, gains, and other support for the years ended June 30, 2018 and 2017, respectively. Contracts receivable from the DHS were \$976,692 and \$6,081,238 at June 30, 2018 and 2017, respectively. A significant reduction in the level of this support would have a material effect on the Coalition's programs.

15. Related Party Transactions

Various Board members work for the Coalition's subrecipients. Transactions with these related parties consisted of the following during the year ended and as of June 30, 2018:

Subrecipient Organization	Expense		Payable (Receivable)	
Centre County Women's Resource Center	\$	533,631	\$	8,409
